How Funds of State Land Board Are Invested

Nature of Investment.

WHY IS NOT TH INTEREST PAI

State Land Board Has mitted Default in Many Loans Made.

PRINCIPAL, PAST DUE. IS LIKEWISE UNP.

Need of Investigation Den strated by an Inspection of Records of Board.

The investment of the funds held purporting to be held, by the state be of land commissioners are matters absorbing interest to the public, e cially as the board is so administ that it loans its funds, sells and le its land, directly and indirectly to members, without audit and appare without responsibility.

Inasmuch as the list is long it is possible in one issue to publish whole list. The Tribune presents t investments still outstanding which pear in Book A of Record of Invenents, in the office of the land both that the public may know where funds of the state are invested undge for themselves the character some of the securities. The list given becoming given berewith

Juggling of Investments.

Juggling of Investments,

Another matter that should be rightly inquired into is the juggling of the investments of the "reservoir fund." Should be reservoir should be reservoir shave been sold to one or another of these state funds. These state reservoirs have been a scandal of themselves and the fund has been mulched first and last of many thousands of dollars to little present value. It indeed behooves Governor Spry and the state behoves to it the state board of land commissioners in its meetings held in a back room with closed doors and the securities represented as being on hand somewhere not in the office of that state board, but somewhere else where they are not accessible to the public inspection and which have not in the office of the state board, but somewhere else where they are not accessible to the public inspection and which have not in the office of the state board, but somewhere else where

Stomach troubles are so common and Many such pride themselves on

This fear of being humbugged can be arried too far, so far, in fact, that many tion rather than risk a little time and money in faithfully testing the craims made of a preparation so reliable and universally used as Stuart's Dyspensia

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their lingredients, but analysis shows them to contain the natural digestive ferments, pure asoptic pensin, the digestive acids, Golden Seal, bismuth, bydrastis and nux. They are not eathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success. Now Stuart's Dyspensia Tablets are ause the mischief, ret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely on the bowels whereas the whole trouble is really in the stomach.

y in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the foods. That is all there is to it. Food not digested or half digested is polson, as it creates gas, acidly, headaches, palpitation of the heart loss of fiesh and appetite and many other troubles which are often called by some other name.

HELENA, Mont., Oct. 2 .- H. W. Sevmour and Chris McKinsel, two old timers, who have been working in drift placer diggings in Grizzly gulch, a few miles and both killed. Apparently the accident occurred last Friday, although the two men were not missed until today, when searchers went to the diggings and noted the cave-in. A large crew was immediately assembled, and within a short time the bodies of the two men were brought to the surface.
